

ASIF AREFIN **BONNY**

SENIOR SQA ENGINEER

PROFILE

Results-driven Software Quality Assurance Engineer with 5 years of experience ensuring software excellence. Expert in test planning, automation, regression testing, test script writing, and defect tracking. Proficient in Agile methodologies, manual and automated testing. Collaborative team player with excellent analytical and communication skills, able to work effectively across cross-functional teams to drive project success.

Worked on several Native, Mobile, and Web applications in health tech, fintech, and retail domains with local and international colleagues and clients.

I enjoy designing test strategies and plans. Have a passion for resolving issues and removing obstacles to high-quality performance.
